

Digital Creative Workshop: InDesign

Wednesday, June 22

1:00pm Design Principles

Get an introduction to design principles for non-designers. You'll learn:

- how to work with colors and fonts;
- analyze examples of effective and ineffective design; and
- how to identify helpful online resources for your use.

2:05 pm Adobe InDesign

Learn how to use Adobe InDesign. You'll learn:

- how to draw and edit frames, rulers and paths;
- how to combine pieces of multiple photos, other work, and text; and
- how to create common graphic styles for print.

3:05pm Layout and Formatting

Learn how to use Adobe Photoshop for design. You'll learn:

- how to create and manage multiple layouts;
- how to format media and text; and • how to export and print your new design.

The training will end at 4pm Eastern Time
